Solapur, Maharashtra

OBJECTIVE

Seeking a challenging position in Java Development, AIML Development, or Python Development to leverage my expertise in Python, Java, and AI/ML. Aiming to contribute to innovative projects at the intersection of software development and AI/ML, with a focus on practical problem-solving in fields such as intelligent systems, data analysis, and machine learning applications.

EDUCATION

- **Walchand Institute of Technology**   *Nov 2022 - Present*
  Btech. in CSE   Solapur
  ○ CGPA: 9.2/10

- **Rk Junior College**   *March 2022*
  Pre-University Education   Pulgaon, Maharashtra
  ○ Grade: 82.67%

- **St. John High School**   *March 2020*
  Secondary Education   Pulgaon, Maharashtra
  ○ Grade: 88.00%

PROJECTS

- **Movie Recommendation System**   *Sept 2024*
  Tools: Python, ML

- **Encryption/Decryption Tool using Python**   *Aug 2024*
  Tools: Python, tkinter

- **Chess Engine using Python**   *Aug 2024*
  Tools: Python, pygame

- **Email Spam Classifier**   *Sept 2024*
  Tools: Python, ML, Heroku

- **Responsive Dashboard**   *Sept 2024*
  Tools: HTML, CSS , Javascript

- **Reddit Clone**   *Oct 2024*
  Tools: NextJS, SQL, React

SKILLS

- **Programming Languages:** Python, C , Java , JavaScript
- **Web Technologies:** HTML, CSS, Javascript, MERN , NextJS
- **Database Systems:** MySQL
- **Data Science & Machine Learning:** Tensorflow, Pytorch
- **DevOps & Version Control:** Git & Github
- **Specialized Area:** Natural Language Processing, Computer Vision
- **Other Tools & Technologies:** Hyperledger Fabric, Linux

CERTIFICATIONS

- Introduction to Artificial Intelligence   *Apr 2024*
- Introduction to Data Science   *Apr 2024*
- Introduction to Deep Learning   *Apr 2024*
- Introduction to Natural Language Processing   *Apr 2024*
- Introduction to Python   *Nov 2023*
- Introduction to C Programming   *Jun 2023*
- RedHat System Administrator   *March 2024*
- COEP MindSpark Hackathon   *Oct 2023*
- InnovateYou Techathon 2024
